## MICRO SUCTION TUBES / CANNULAE

NEW ADDITION TO THE  
SUSOL<sup>®</sup> ENT RANGE

MD642415

441219

# Bailey

INSTRUMENTS LTD

Bailey Instruments Ltd has launched a new range of susol® suction cannulae in the UK NHS via NHS Supply Chain.

The products reflect the quality and innovation you would expect from a susol® device. Displaying ergonomic design with economical pricing they give you a further option to extend your susol® ENT range.

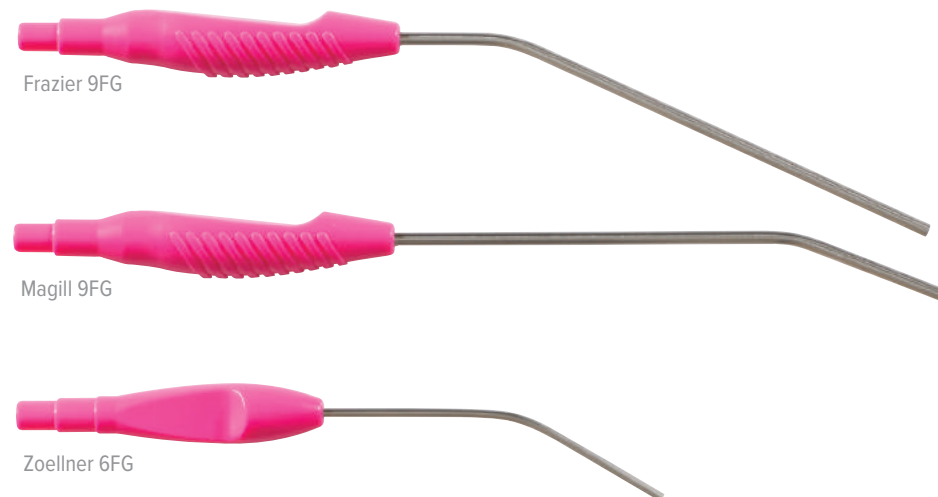

Now available in the NHS Catalogue online, this range reflects the high demand suction cannulae ordered via this route and gives you a full range susol® option for single use ENT instruments and devices.

See overleaf for product specifications and ordering information.
